Introduction

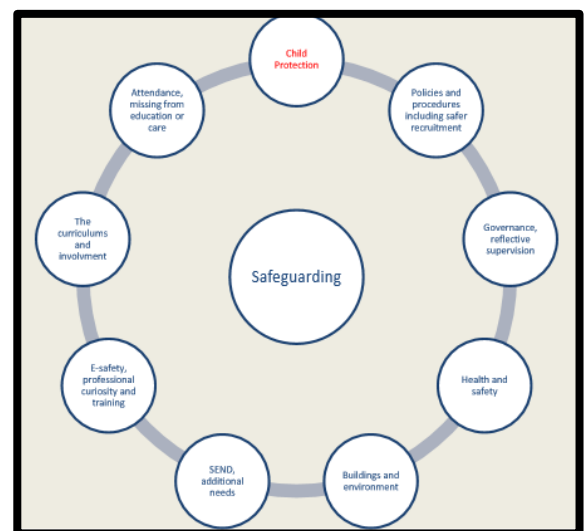

At Long Sutton C of E Primary School, we are committed to providing an environment that nurtures and transforms the lives of children and young people attending Long Sutton C of E Primary School and take seriously our responsibilities to safeguard and promote their welfare. In addition, we undertake our responsibilities to work in partnership with agencies as part of the wider, multi-agency, safeguarding system, always acting in the best interest of the child or young person where concerns are identified, in accordance with the Long Sutton C of E Primary School Safeguarding (Child Protection) Policy and Procedures, statutory guidance and Somerset Safeguarding Partnership policies and procedures.

Personal sensitive information is processed in accordance with the Data Protection Act 2018 and Part 3, the General Data Protection Regulations (GDPR). Consent to share information will be sought unless we are required to share information where there are child protection concerns (and consent has been withheld) or we are requested to share information with other statutory agencies such as the police or children's social care in pursuit of their enquiries in order protect and safeguard children and young people.

Definition of safeguarding

Safeguarding and promoting the welfare of children is defined in statutory guidance as: protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; taking action to enable all children to have the best outcomes.

Safeguarding and promoting the welfare of children is **everyone's** responsibility. In order to fulfil this responsibility effectively we ensure our approach is child centered, considering always, what is in the **best interests** of the child or young person.

Most children grow up in loving families and supportive communities and become independent, resilient adults. Wherever possible we want this for all children and young people in Somerset, so that they and their families can support themselves by engaging with and contributing to their local communities. In order to achieve this children, young people and their families should receive the right intervention as early as possible to tackle problems and prevent issues escalating. All practitioners will adopt an Early Help/Think Family approach meaning they look at the whole family situation and what needs to happen to improve that situation whether that means working with adults, children or the whole family

Our commitment

To safeguard and promote the welfare of children and young people through:

- The provision of a safe environment in which children and young people can learn
- Identifying concerns early and provide appropriate help and support for children and young people and their parents/carers to prevent concerns escalating to a point whereby intervention would be required under the Children Act 1989 and in accordance

with the Somerset Effective Support for Children and Families, Thresholds for Assessment and Services guidance.

Action to be taken if there are concerns in relation to safeguarding practices Long Sutton C of E Primary School

All staff, volunteers and agency staff should feel able to raise concerns about poor or unsafe practice and any potential failures in the safeguarding regime and know that such concerns will be taken seriously by the senior leadership team and designated safeguarding leads. Should staff feel unable to raise concerns within the organisation advice and guidance has been produced to ensure that they are aware of how to raise such concerns externally see [Appendix B: NSPCC Whistleblowing advice and information](#). Which is also available on the safeguarding notice board in the staff room. In addition, the Long Sutton C of E Primary School whistleblowing policy is available via the website/internal intranet

[Appendix C: Concerns Flowchart](#)

All staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Abuse is the maltreatment of a child or young person; they may be abused or neglected through harm being inflicted or by parents or carers failing to prevent harm. Children and young people may be abused in a family or in an institutional or community setting by those known to them or by being targeted by others via the internet for example. They may be abused by an adult or adults or by another child or children. The following are the statutory definitions of abuse and neglect as set out in Working Together to Safeguard Children (2018) however, the ultimate responsibility to assess and determine the type category of abuse is that of the Police and Children's Social Care – our responsibility is to understand what each category of abuse is and how this can impact on the welfare and development of our children and where we have concerns that a child or young person may be at risk of abuse and neglect (one or more categories can apply) to take appropriate action as early as possible

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child. Statutory guidance Safeguarding Children in whom Illness is Fabricated or Induced (2008) sets out a national framework within which agencies and professionals at local level – individually and jointly – draw up and agree upon their own more detailed ways of working together where illness may be being fabricated or induced in a child by a carer who has parenting responsibilities for them

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer **failing to:** provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not sole perpetrated by adult males. Woman can also commit acts of sexual abuse, as can other children.

Safeguarding in specific circumstances:

In addition to the above there are other areas of safeguarding that the organisation has to have due regard to. **Annex A of Keeping Children Safe in Education (September 2019)** highlights specific forms of abuse and safeguarding issues which staff who work with children and young people should read the following is a synopsis of the areas addressed but are not a fully replica of the guidance which can be accessed [here](#)

Children and the court system may be required to give evidence in the criminal courts, either for crimes committed against them or for crimes they have witnessed. There are a range of guides to support child witnesses. In the civil courts children and young people may be involved in child arrangement hearing and the Ministry of Justice has launched an online child arrangement information tool detaining the dispute resolution service.

Children Missing Education (CME) All staff should be alert to children going missing as this can be a vital warning sign of a range of safeguarding risks, including abuse and neglect, sexual abuse or exploitation (Child Sexual Exploitation and Criminal), travel to conflict zones, Female Genital Mutilation (FGM), forced marriage. Early intervention is necessary to protect and safeguard a child or young person

Children with family members in prison are more likely to have poor outcomes, including poverty, stigma, isolation and poor mental health. More information to support schools and colleges can be found on the [Nicco](#) website

Child Sexual Exploitation (CSE) is child sexual abuse, whereby an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under 18 to engage in sexual activity (a) in exchange for something the victim needs or wants and/or (b) for the financial advantage or increased status of the perpetrator or facilitator

Child Criminal Exploitation (CCE) is geographically widespread form of harm that is often referred to as county lines, which involves drug networks or gangs that groom and exploit children and young people to carry drugs and money. A key indicator is that victims are often missing from home, care or education and trafficked for the purpose of transporting drugs.

Child and Adolescent Mental Health: Good mental health and resilience are fundamental to our physical health, our relationships, our education and to achieving our potential. DfE advice for schools in relation to Mental health and behaviour in schools Long Sutton C of E Safeguarding Policy 2019 V1

(2018) which can be accessed [here](#). This is non-statutory advice which clarifies the responsibility of the school, outlines what they can do and how to support a child or young person whose behaviour - whether it is disruptive, withdrawn, anxious, depressed or otherwise - may be related to an unmet mental health need. Whilst it considers the school environment it is also relevant for work within our residential provision.

Bullying Long Sutton C of E Primary School has a separate Anti-Bullying policy which is accessible <https://www.longsuttonprimaryschool.co.uk/safeguarding/>. Further guidance is available [from](#)

Domestic abuse, Domestic violence, Gender-based violence and violence against women and girls (VAWG), teenage relationship abuse: is defined as any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners irrespective of gender or sexuality. Exposure to domestic abuse or violence can have a serious, long lasting emotional and psychological impact on the development of children and young people. Further advice and guidance accessed via the [NSPCC](#), [Refuge](#) and [Safelives](#) spotlight on young people and domestic abuse Further resources relating to violence against women and girls (VAWG) can be accessed [here](#)

Homelessness or the being at risk of being made homeless is a significant risk for children or young people. The DSL should refer to the local housing authority at the earliest opportunity. The Homelessness Reduction Act 2017 places a new legal duty on English councils to provide meaningful help, including an assessment of need and circumstances. The DfE and the Ministry of Housing, Communities and local government have published joint statutory guidance on the provision of accommodation for 16 and 17 year olds who may be homeless or require accommodation A series of fact sheets can be access [here](#)

Online Safety: Annex C of Keeping Children Safe in Education (September 2019) addresses the use of technology which can be a significant component of many safeguarding issues including CSE, CCE, radicalisation, sexual predation etc., whereby technology provides the platform that facilitates harm. Schools and colleges must adopt a range of effective safeguarding approaches that both safeguards and empowers children and young people to access support and remain safe online by reducing the risk of harm through the use of filters, monitoring and appropriate use policies for those accessing our IT system, whilst at the same time providing a safe environment in which children and young people can learn to keep themselves safe online.

Peer on Peer abuse: children and young people can abuse their peers which can take many forms, including but not limited to: bullying (including cyber bullying); sexual violence or harassment; physical abuse including hitting, kicking, shaking, biting, hair pulling or otherwise causing physical harm; sexting and initiating/hazing type violence or rituals.

Sexual violence and sexual harassment between children in schools and colleges: can occur between two children of **any** age and sex and occur through a group of children or young people sexually assaulting or harassing an individual or group of children.

It can also involve **Upskirting** which involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification or cause the victim humiliation, distress or alarm. This is now a criminal offence

Further guidance is available [here](#)

Preventing extremism: Children and young people can be vulnerable to extremist ideology and radicalisation and forms part of schools and colleges safeguarding responsibilities, as set out in the Prevent Duty. Extremism is the vocal or active opposition to our fundamental values and radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups. Further information can be accessed below in relation to

[Extremism](#) [Radicalisation](#) [Prevent](#)

Private Fostering: is when a child under the age of 16 (under 18 if disabled) is cared for by someone who is not their parent or a 'close relative'. This is a private arrangement made between a parent and carer, for 28 days or more. Close relatives are defined as step-parents, grandparents, brothers, sisters, uncles or aunts (whether of full blood, half blood or marriage/affinity). A private foster carer may be a friend of the family, the parent of a friend of the child, or someone previously unknown to the child's family who is willing to privately foster a child. Long Sutton C of E Primary School has a responsibility to refer to Children's Social Care of any private fostering arrangement we become aware of, in order for Children's Social Care to undertake an assessment to ensure the needs and welfare of the child or young person is being met and that adults caring for them have access to advice and support.

Special Education Needs and disabilities: There's a concern sometimes that, for children with SEN and disabilities, that their SEN or disability needs are seen first, and the potential for abuse second. If children are behaving in particular ways or they're looking distressed or their behaviour or demeanour is different from in the past, our staff should think about that being a sign of the potential for abuse, and not simply see it as part of their disability or their special educational needs.

The Governing Body (including Trusts or Directors)

All forms of honour based violence (HBV) is abuse, regardless of the motivation and should be handled and escalated as such. 2. **What to do if you're worried a child is being abused (DfE March 2015)** advice for practitioners
3. **Long Sutton C of E Primary School Safeguarding (Child Protection) Policy and Procedures** can be accessed in the staff room and on the school website.
4. Long Sutton C of E Primary School **Behaviour policy** and
5. **Children Missing Education procedures**
6. **Staff Code of Conduct**

Voice and influence

When working with children and young people communication is crucial, especially in relation to safeguarding. Communication is a two-way process and doesn't just relate to a child's ability to communicate via speech therefore, we need to approach communication in its broadest terms, considering body language, gestures, behaviour and presentation. We must also support our children to make positive choices.

Action to be taken if you have a concern about the welfare of a pupil or the conduction/actions of a member of staff or visitor to Long Sutton C of E Primary School

You should discuss your concerns, observations or any information that may impact on the welfare of a child with a designated or deputy safeguarding lead. The flowchart overleaf has been developed to offer you guidance on what you should do. It is **not intended to cover all eventualities, but it aims to provide a framework for action.**

What is important is that you take action and raise your concerns, the designated or deputy safeguarding lead may hold other relevant information, but your information may be new and important - the final part of the information jigsaw.

Whistleblowing Advice Line

Support for professionals who are worried about children in the workplace

The NSPCC whistleblowing Advice Line offers free advice and support to professionals with concerns about how child protection issues are being handled in their own or another organisation.

What is whistleblowing?

Whistleblowing is when someone raises a concern about a dangerous or illegal activity or any wrongdoing within their organisation.

Raising a concern is known as “blowing the whistle” and is a vital process for identifying risk to children, young people and vulnerable adults. In recent years there have been several high profile cases of institutional abuse which have come to light as a result of whistleblowing.

Sharing information or talking through a concern can be the first step to helping an organisation identify problems, improve practice and safeguard the welfare of children, young people and vulnerable adults.

Early Years Provision.

Working Together 2018 states -

- Early years providers have a duty under section 40 of the Childcare Act 2006 to comply with the Safeguarding and Welfare Requirements of the Early Years Foundation Stage.

Keeping Children Safe in Education 2018 states –

- The Early Years Foundation Stage Framework (EYFS) is mandatory for all early years providers. It applies to all schools that provide early years provision including maintained nursery schools.

The Early Years Foundation Stage states –

- Schools are not required to have separate policies to cover EYFS requirements provided the requirements are already met through an existing policy. Where providers other than childminders are required to have policies and procedures as specified below, these policies and procedures should be recorded in writing.
- Providers must be alert to any issues of concern in the child's life at home or elsewhere. Providers must have and implement a policy, and procedures, to safeguard children. These should be in line with the guidance and procedures of the relevant Local Safeguarding Children Board (LSCB). The safeguarding policy and procedures must include an explanation of the action to be taken when there are safeguarding concerns about a child and in the event of an allegation being made against a member of staff and cover the use of mobile phones and cameras in the setting.

Early Years Providers must be compliant with the Safeguarding and Welfare Requirements

Below is the link to the EYFS

<https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2>

- As an appendix to this policy, we ensure that we are compliant with all the Safeguarding and Welfare Requirements of the Early Years Foundation Stage 2017 by adopting the following:
- We have a mobile phone and camera policy in place within the provision that details the procedure for use of these devices. This covers the use of Mobile Phones and Cameras in the setting and on visits and includes the settings procedures with regards to mobile phones and cameras for all staff, volunteers and visitors.
- In the Early Years Foundation stage Ofsted must be informed of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere). Registered providers must also notify Ofsted of the action taken in respect of the allegations. These notifications must be made as soon as is reasonably practicable, but at the latest within 14 days of the allegations being made

1) Toileting and Intimate Care

For specific details on toileting see intimate care policy.

- No non-school adults will enter the children's toilets without permission from a school adult who has checked they are empty.
- Parents or visitors wishing to attend to their own child's needs must use the disabled facilities, main school adult toilets or in the cubical in pre-school.
- All staff will ensure that a member of staff remains in the cloak room in the Early Years settings if a child is using the toilet during periods when parents are around the setting.
- Parents of children in Reception and Year 1 will be asked to give permission for school staff to attend to their child if the need occurs. If this permission is not received the school will phone the parents each time prior to changing the child.

2) Professional Conduct and Safety

Our staff, volunteers and visitors will be provided with clear guidance on professional behavior and standards in the setting code of conduct

Use of mobile phones, smart technology, private email address etc should not be used to communicate with parents or children about setting issues, it is advised social networks are protected and used professionally

3) Mobile Phones, cameras and digital devices

- Staff members will not use their personal mobile phones during contact time with pupils or to contact parents or pupils.
- Only official school owned equipment will be used to capture images of children for official purposes
- Written permission from parents or carers will be obtained before images of children are taken for any purpose
- All visitors and volunteers will be expected to leave mobile phones in the school office unless previously agreed with the Head Teacher.

4) Photography and images.

A separate policy is held but no staff should their own personal cameras/smart phones are to be used in recording children or young people in this provision. See policy for more details.

5) Contextual Safeguarding

There is a need to widen our assessment of children's lives beyond the boundary of families to include potential risks posed within the wider community. The value of us including environmental factors and the social relationships of children and young people within assessments, both early help and statutory intervention, should lead to safeguarding better reflecting the areas in which children and young people exist... on street, on line and peer to peer."
